

# Ultra

Ultra is a new range of ultra-thin LCD modules that can be incorporated into furniture and mirror designs. An incredible 26mm profile opens up endless possibilities. Customers can use their own glass design or Bespoke. Available in 22" and 27" screen sizes.

## Available with the following features

### Genesis:

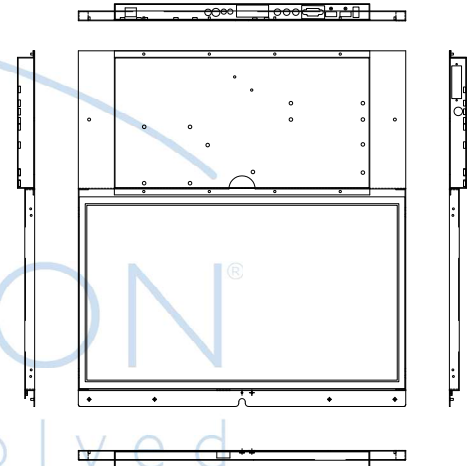

Genesis is the first choice for standalone television projects. Freeview tuner, two HDMI inputs, Scart, Component and a built in amplifier provide a wide range of possibilities.

### Nexus:

Nexus sets the industry standard for home integration televisions. With FreeSat RS232 and Discreet IR Control as standard, the Nexus range will communicate with all leading home control systems including Crestron, Control 4, AMX, RTI, etc.

### Pinnacle:

Pinnacle from Aquavision offers the ultimate water proof flush in wall television for the most demanding applications. Freeview HD, Sky Link, RS232 Control all come as standard along with IP Control and Smart TV IP Internet access\*
