

Bespoke Glass Installation – Flush Mount

The mirror will be supplied with a bezel bonded on to the back of the mirror.

The L Bracket (or multiple L brackets depending on the mirror size) is fitted to the bottom of the mirror by Aquavision.

A matching bracket is screwed inside the mounting hole so that it will align with the L Bracket.

AQUAVISION®
television evolved

Metal attractors are stuck onto the top of the mirror

A fixing magnet is screwed into the frame to align with metal attractors fixed to the top of the mirror.

The complete assembly then clips in to the wall as follows:
