Aquavision are proud to announce that in conjunction with BANG AND OLUFSEN, we have developed a simple to install upgrade kit that will allow perfect, seamless integration of these iconic products.

BANG & OLUFSEN

Since BANG AND OLUFSEN only make televisions from 40" upwards, you can now offer a viable alternative, whilst maintaining the customer experience of using the BANG AND OLUFSEN remote control and the BEOSystem4 controller.

For further details of this upgrade, and the full Aquavision range, please visit our web site www.aquavision.tv or contact your local Invision UK sales representative on 01359 270280
