Aquavision launch latest version of Pinnacle Smart Television

Aquavision are proud to announce another first for the industry, the launch of their latest Pinnacle Smart Television. Incorporating Android 6.0, Marshmallow, it offers the latest in Android technology.

Pinnacle also offers the ability to receive a 4K signal and downscale it to 1080p, enabling your matrix to maintain 4K quality throughout your installations. This is yet another first for the industry, thanks to Aquavision.

This new Pinnacle board will also be used to replace the current Elite board offered by Aquavision on all its 4K models. This will add Android Smart features to our 4K range for the first time.

As with all Aquavision professional televisions, this model will incorporate Full IP Control, RS232 and Discreet IR and is compatible with some of the world's

ABOUT AQUAVISION

Since creating the world's first waterproof television in 1997, Aquavision's innovation team have remained industry leaders in the sector of in-wall and waterproof televisions and developed a network of professional partners worldwide. Aquavision are proud to be the first television manufacturer member of the Made in Britain campaign, a marque created by UK manufacturers to support and promote British manufacturing in the United Kingdom and overseas. As prolific inventors and innovators, the company is considered a prime example of the wealth of know-how, specialist expertise and technical acumen that exists in the UK and for which the Made in Britain association was founded to showcase and celebrate. The pioneers of in-wall and waterproof televisions, Aquavision's products are sold throughout the world, and have representation across six continents in 31 countries.

- 1997 Aquavision invents the world's first ever in-wall and waterproof television
- 2003 Aquavision launches the world's first ever in-wall and widescreen waterproof television
- 2005 Aquavision launches the world's first ever full HD in-wall and waterproof television
- 2013 Aquavision launches the world's first ever PoE in-wall and waterproof television
- 2014 Aquavision launches the world's first ever 4K in-wall and waterproof television
