# We are the company that started it all

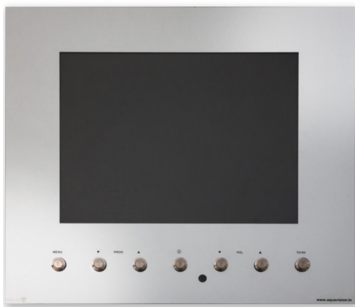

In 1997, we designed the first waterproof television in Manchester, UK.  
We recognised a gap in the market for waterproof televisions and optimised it.

At Aquavision, we have always believed televisions should add to the décor of a home and not just be an “object.” We introduced the first in-wall television in 1997 and since conception, we have never compromised on the quality of our discreet televisions. As viewing habits continue to evolve, so do we. We understand our consumers, their lifestyle and what they want from their entertainment system, maybe even before they do!

We are proud innovators of waterproof televisions and remain the only company to manufacture an expansive range of high performance, in-wall televisions from 16-inches to 100-inches in the UK.

Whatever the viewing preferences are, we’ve got what you need.

## We have evolved

Original 10.4" Mark 1 Aquavision

Current model 85" Frameless with MirrorVision+ Glass

Current model 100" Horizon Outdoor TV in White

## What makes Aquavision a unique brand?

- Aquavision are the Originators of the waterproof, bathroom and in-wall television.
- We are a specialist factory in the UK that designs, builds & tests all our own products in-house.
- Aquavision’s products are verified by the “Made in Britain” marque, an independent trade body.
- We offer a 2 year return to base warranty.
- We guarantee to support all our products and offer unique upgrade solutions for existing products up to 15 years. We boast a “Fit and forget” mantra, assuring complete peace of mind.
- All our LCD’s provide full 178°x178° wide viewing angles to give you the best viewing experience.
- We carry stocks of all parts for at least 5 years after the television has ceased production.
- We are already the number one choice in many of the world’s most popular hotels, countless independent boutique hotels and the majority of the world’s best Custom Installation integrators due to our quality British products, reliability, and customer service.

# Updates and Revisions

The following modifications have been made to your Aquavision Product Range:

 = New Model

## Overall Pricing Updates

Due to smarter purchase prices, we have passed these savings onto our customers. Over 35% of our prices have decreased including some of our most popular products such as the 22" Frameless Model and 65" Horizon Outdoor TV.

## LCD Model Updates

The 4K Pinnacle model is now available additionally in both 28" and 32" sizes. This means whether you choose Frameless, Classic or Silhouette style, you can now watch smaller screens in incredible 4K resolution. In conjunction with this, the 2K Pinnacle model has been made obsolete. The Connec-TV range is no longer available.

## Screen Fixing Updates

The 16", 85" and 100" Silhouette models are no longer available.

## Horizon Outdoor Television Updates

All Horizon televisions are now 4K, HIGH BRIGHT ONLY and are available in the following sizes: 43", 55", 65", 86" & 100"

## Kitchen Updates

All models in the Kitchen Range are now available in both Black and White finishes. The 600x355mm, 600x450mm and 600x600mm models are only available in Genesis or Nexus (2K only/FHD 1080p). The 800x450mm model now utilises a 28" 4K Pinnacle unit and the 1000x600mm model utilises a 32" 4K Pinnacle unit.

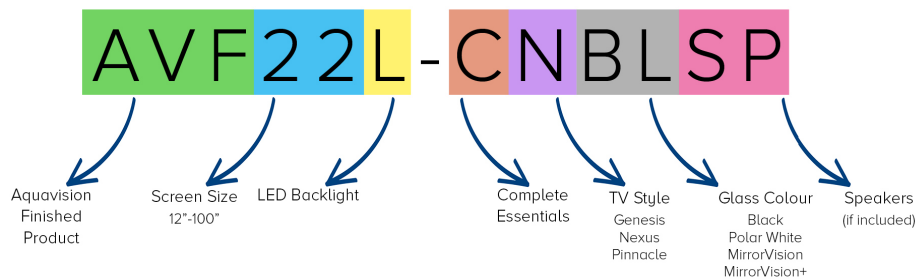

## Accessory Updates

The AVF-MRC5 master remote control has been replaced by the AVF-MRC5S which has a sleeker, metallic finish. All 'Complete Televisions' now come with AVF-3SPEAKERS (High quality ceiling speakers' as standard regardless of LCD model). AVF-2SPEAKERS and AVF-4SPEAKERS have been removed. As a result of this, the AVF-IRHDMI & AVF-IRBLAST accessories are no longer available.

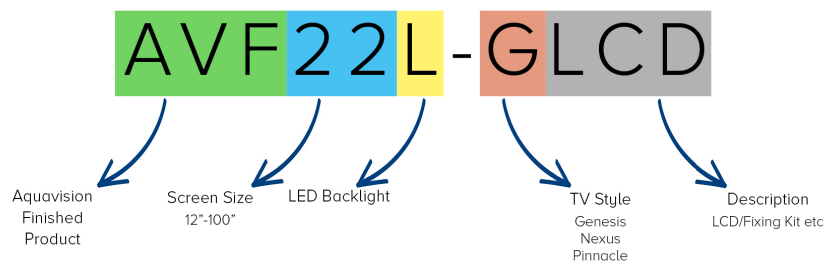

# Aquavision Codes Explained

Aquavision codes can look a little confusing, the infographic below breaks these down to show how our products codes are developed.

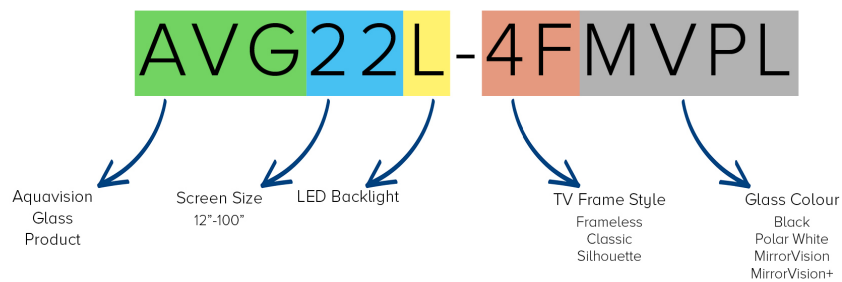

## For Complete Products

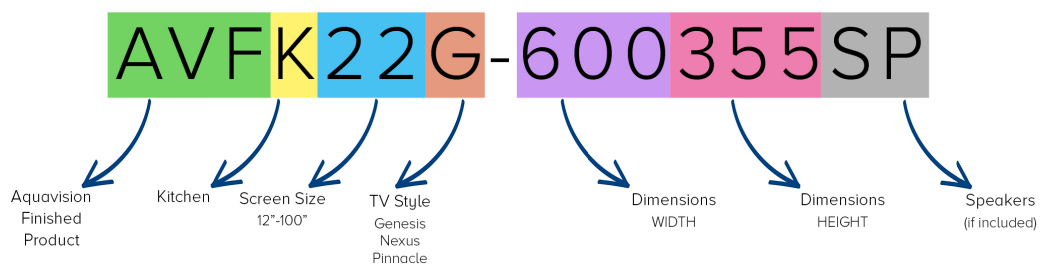

## For LCD's

## For Glass

## For Kitchen Models

# Complete Televisions

Complete Aquavision television solution in one box, available with or without speakers in all sizes and styles. Included in the box: LCD screen metalwork, glass, power supply, remote and (optional) speakers.

## Frame Styles

### Frameless

This design utilises a slimline, galvanised steel metal box that fits flush into the wall with a polished edge glass fitting tight on to the wall surface, protruding by 6mm.

### Classic

This option provides a fully flush in-wall appearance, utilising a polished stainless steel bezel, enabling the television to protrude from the wall by just 1.2mm.

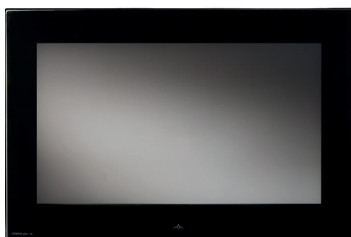

### Silhouette

This offers a retrofit, surface-mount solution. It uses sleek lines combined with an ultra-thin profile that cleverly hides the mounting frame. Depth from the wall is from 50mm-75mm.

## Glass Colours

All our glass is printed in our UK factory by a team of specialist technicians on a 1200dpi CMYK digital glass printer to ensure perfect precision and quality.

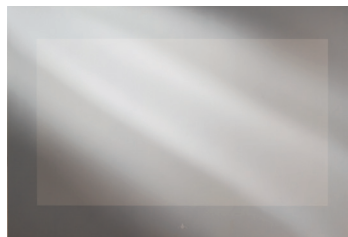

### Black

Multiple layers of black ink digitally printed onto low-iron, optically clear glass to give the sharpest finish.

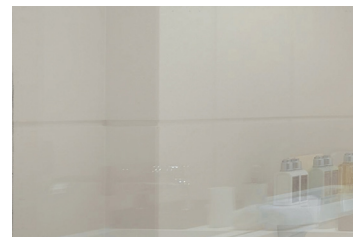

### Polar White

A low iron, optically clear glass printed white with a thin black border surrounding the viewing area to enhance picture contrast and quality.

### MirrorVision®

A slightly dark tinted mirror with no immediate visible signs of a screen when the tv is off.

### MirrorVision+®

A perfect mirror with absolutely no visible signs of a screen when the tv is off but displaying a clear, bright image when switched on.

For any other colours or custom print glass, please see page 33 onwards

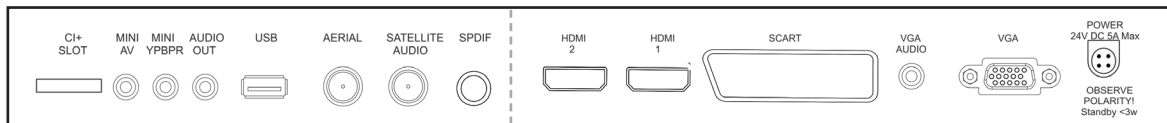

# LCD Models

## Genesis (Available in 2K only)

The first choice for stand alone television projects. With 2 HDMI Inputs, Component/Composite Inputs, Digital FreeView HD, FreeSat HD Tuner, Built-in Amplifier. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug.

Socket layout is as follows:

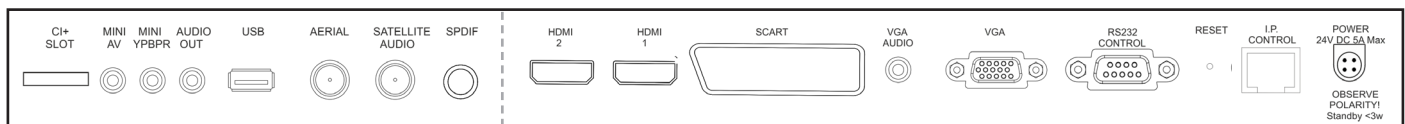

## Nexus (Available in 2K only)

The first choice for system integrations and custom installers. Nexus has the same features as the Genesis with the added extra features of Discrete IR, RS232 and Full IP Control. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug.

Socket layout is as follows:

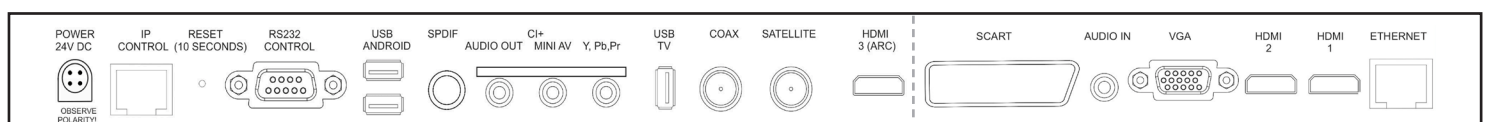

## Pinnacle (Available in 4K only)

These intelligent Smart TVs use Android 6 technology to enable you to download apps including Netflix, Amazon Prime and other catch up television channels. HDCP 2.2 compliant. This also has the same features as the Nexus model. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug.

Socket layout is as follows:

# Specialist Application Televisions

## Horizon Outdoor Televisions

Exquisitely designed to enhance your patio, garden, yacht or any other outdoor space whether you are in the residential, commercial, hospitality or marine sector. This sleek stand alone unit is fully IP66 rated and comes in either black or white finishes with anti-glare glass as standard.

## Kitchen Range

A unique range of 'built-in' televisions, created to fit in standard size kitchen cabinets. They can be fixed or mounted with industry standard 'BLUM' hinges either electronically or manually operated.

## Bespoke Mirror Televisions

The Bespoke Range is our most popular choice for architects, designers & clients wanting more than just a TV. Aquavision offers a unique custom mirror service and can manufacture to individual specification up to 2.4m x 3.1m per panel. Bespoke can incorporate any size and model of Aquavision screen from 12" to 100" and can be mounted in any position.

## Splashback Televisions

The installation of a new complete CMYK Digital Glass Printer enables Aquavision to print absolutely anything onto a piece of glass. Solid colours, patterns, prints, or even photos, there are endless possibilities. Maximum size of 2.4 x 3.1m per panel. All Aquavision televisions are capable of withstanding the heat and day-to-day mess of the kitchen.

# Horizon Outdoor Televisions

Exquisitely designed to enhance your patio, garden, yacht or any other outdoor space; whether you are in the residential, commercial, hospitality, or marine sector. All televisions are IP66 rated and come with the latest ‘Pinnacle’ Android 6 technology. IP66 Rated when connected to Neutrik IP66 Rated connectors.

All High Brightness screens come with the following features:

- Aquavision’s CTM (Comprehensive Thermal Management)  
CTM constantly monitors humidity and temperature and adjusts where necessary.
- Aquavision’s ADST (Advanced Daylight Sensing Technology).  
ADST constantly monitors and adjusts screen brightness to ambient light level to fully enhance your viewing experience.

# Bespoke Mirror Televisions

Aquavision offers a unique custom mirror service and can manufacture any size/shape mirror tailored completely to individual specification. Bespoke can incorporate any size and model of Aquavision screen (or screens) from 12" up to 100" in any mirror up to 3100mm x 2400mm per piece. Additional, matching blank panels are also available.

Using MirrorVision+ technology the mirror appears as a perfect standard mirror with no visible signs of a screen when the television is off but allows the television to be clearly seen when the television is switched on.

NOTE- These are only guide prices. Please contact your supplier for an accurate quotation

Glass		
BESPOKE GLASS	Bespoke Glass	£1,420/m <sup>2</sup>
BESPOKEBE	Bespoke Bevelled Edging	£56.54/m
SHAPE	Bespoke shape cut into the glass	£380.00
BESPOKECS	Hole cut into the glass - SQUARE or Larger than 25mm diameter	£60.00
BESPOKECC	Hole cut into the glass - CIRCLE maximum 25mm diameter	£50.00
SAFETY BACKING	Recommended on all pieces larger than 1m x 1m	£50/m <sup>2</sup>
Chassis Mount Kits - This mounts the television onto the back of the glass or into the wall behind the glass		
AVF12L-4CMK	Chassis Mount Kit for 12" Screen	£99.00
AVF16L-4CMK	Chassis Mount Kit for 16" Screen	£149.00

LED Lighting		
AVF-LEDSTP	LED Lighting Strip	£5.40/50mm
AVF-LEDCONTROL	LED Lighting Remote Control (Maximum length per remote 5m)	£71.31
AVF-LEDPWR	12V Power Supply for LED Lighting (Maximum length per power supply 5m)	£75.00

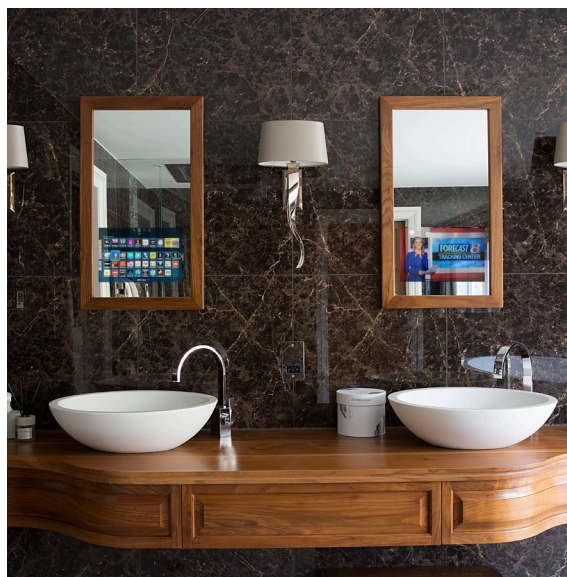

## Splashback Televisions

Similar to the Bespoke Television process, Aquavision can incorporate any size and model of Aquavision screen from 12" up to 100" in any piece of glass up to 3100mm x 2400mm per piece.

The installation of a new complete CMYK Digital Glass Printer enables Aquavision to print absolutely anything onto a piece of glass. Solid colours, patterns, prints, or even photos, there are endless possibilities. All Aquavision televisions are capable of withstanding the heat and day-to-day activities of the kitchen.

# Aquavision Upgrade Kits

Unsure about which Upgrade Kit you require?

Email [technical@aquavision.tv](mailto:technical@aquavision.tv) with the following information and we will be happy to help:

- Overall Glass Dimensions
- Viewing Window Dimensions
- Photograph of the front of the television
- Photograph of the back of the television (this is not a necessity)

At Aquavision we understand that making a hole in the wall for our product is a long term commitment...a commitment that may last longer than its related technology, so you may have the need to upgrade to a newer model in the future. All upgrade kits come with our signature 2 year warranty.

16" Upgrade Kits		
AVF16L-GUPGRADE1	16" Genesis Upgrade Kit 1	£738.28
AVF16L-GUPGRADE2	16" Genesis Upgrade Kit 2	£723.29
AVF16L-GUPGRADE3	16" Genesis Upgrade Kit 3	£738.28
AVF16L-NUPGRADE4	16" Nexus Upgrade Kit 4	£938.28
AVF16L-NUPGRADE5	16" Nexus Upgrade Kit 5	£923.29
AVF16L-NUPGRADE6	16" Nexus Upgrade Kit 6	£938.28
AVF16L-NUPGRADE7	16" Genesis Updgrade Kit 7	£738.28
AVF16L-GUPGRADE12	16" Genesis Upgrade Kit 12	£938.28
AVF16L-GUPGRADE13	16" Genesis Upgrade Kit 13	£938.28
23" Upgrade Kits		
AVF-23UPGRADEKIT1	23" Upgrade Kit for MK1 - no Bezel	£1,320.43
AVF-23UPGRADEKIT2	23" Upgrade Kit for MK2 & MK3 - with Bezel	£1,320.43

You can determine your necessary upgrade kit by using the table below. Due to industry-changing screen sizes, an upgrade kit may result in a smaller screen than your original, older screen.

Current LCD Model	Description	Format	Fitting	RS232	Overall Glass Size	New LCD Size	Kit Type
AVF151-LCD	15" MK1	4:3	Flush	N	399 x 450mm	16"	AVF16L-GUPGRADE7
