

## Remote Switch Panel

The Remote Switch Panel offers a waterproof wall-mounted solution for controlling the main television functions. It can be conveniently located adjacent to the bath, shower or basin. No need to replace any batteries and there is also no chance of losing the remote control. Ideal for hotels and guest houses.

## 4 Pole Relay Interface Module

A handy unit that provides four potential free contacts that are activated when the television is powered up (2x contacts are DPDT). Ideal for switching external audio feeds such as Sonos Amplifiers or activating LED lighting around the television.

## Glass Suction Cup

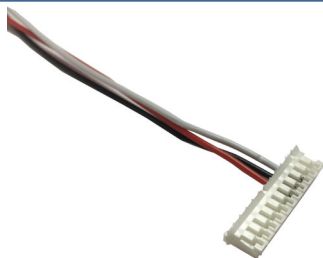

A necessity for removing glass from all Classic and Silhouette models.

## Sky Infra-red Remote Kit

This allow connection to a remote Sky Box. Content from Sky may be viewed on the Aquavision and the Sky Box can be controlled remotely. Please note that this does not work with SkyQ.

## Audio-In Adaptor

This allows an Auxiliary Audio Input to be added to all current Genesis or Nexus models. Perfect should you need to add a Bluetooth, Sonos, or other 'audio only' source.
