

Picture Frame Details

Aquavision's new range of Custom Picture Frames designed exclusively to work with standard Frameless Aquavision products.

Available from sizes 43" up to 100" these frames can be placed over standard Frameless models and the interior edges of the frame line up perfectly with the viewing window of the screen. Meaning that you see a complete mirror when switched off, and a complete television when switched on.

Choose from the 5 choices of frame below. These frames are available in either White, Gold or Gold Leaf. For other colour options please contact the Aquavision Office.

NOTE - These frames cover the IR receiver on your television so you must be able to control your television over IP using a control system. Aquavision is not responsible for any mispurchased items and these items are non-refundable due to being custom.

Frame Style	TV Size	Overall Frame Size	Product Code		
			White	Gold	Gold Leaf
Type A	43"	1105mm x 693mm	AVF43L-PFAW	AVF43L-PFAG	AVF43L-PFAGL
