# We are the company that started it all

In 1997, we designed the first waterproof television in Manchester, UK.  
We recognised a gap in the market for waterproof televisions and optimised it.

At Aquavision, we have always believed televisions should add to the décor of a home and not just be an “object.” We introduced the first in-wall television in 1997 and since conception, we have never compromised on the quality of our discreet televisions. As viewing habits continue to evolve, so do we. We understand our consumers, their lifestyle and what they want from their entertainment system, maybe even before they do!

We are proud innovators of waterproof televisions and remain the only company to manufacture an expansive range of high performance, in-wall televisions from 16-inches to 100-inches in the UK.

Whatever your viewing preferences are, we've got what you need.

## We have evolved

Original 10.4" Mark 1 Aquavision

Current model 85" Frameless with MirrorVision+ Glass

Current model 100" Horizon Outdoor TV in White

## What makes Aquavision a unique brand?

- Aquavision are the Originators of the waterproof, bathroom and in-wall television.
- We are a specialist factory in the UK that designs, builds & tests all our own products in-house.
- Aquavision's products are verified by the "Made in Britain" marque, an independent trade body.
- We offer a 2 year return to base warranty.
- We guarantee to support all our products and offer unique upgrade solutions for existing products up to 15 years. We boast a "Fit and Forget" mantra, assuring complete peace of mind.
- All our LCD's provide the best possible viewing angles available to give you the best viewing experience.
- We carry stocks of all parts for at least 5 years after any television has ceased production.
- We are already the number one choice in many of the world's most popular hotels, countless independent boutique hotels and the majority of the world's best custom installations due to our quality British products, reliability, and customer service.

# Updates and Revisions

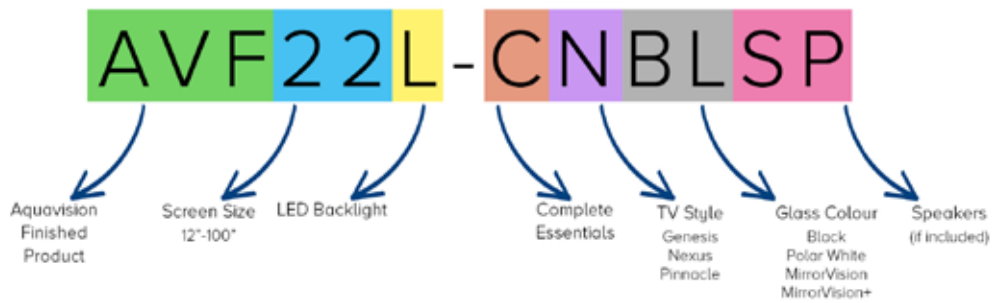

The following modifications have been made to your Aquavision Product Range:

- All items highlighted in Green indicate new products/models for 2022
- 43" LCDs are now available as 4K Pinnacle Models only with Android 9 Smart TV
- Horizon Outdoor Television are now available as both Marine and Standard features
- Due to the rising costs of materials, some product prices have increased. We have tried to offset these by reducing the prices of other products or keeping them the same as the 2021 price list. You will see indicator arrows next to each product to show the price change.
- Complete television kits (with and without speakers) now average at 10% cheaper than buying products individually

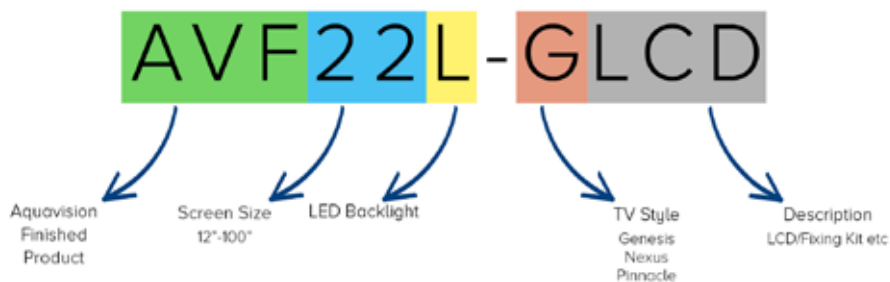

# Aquavision Codes Explained

Aquavision codes can look a little confusing, the infographic below breaks these down to show how our products codes are developed.

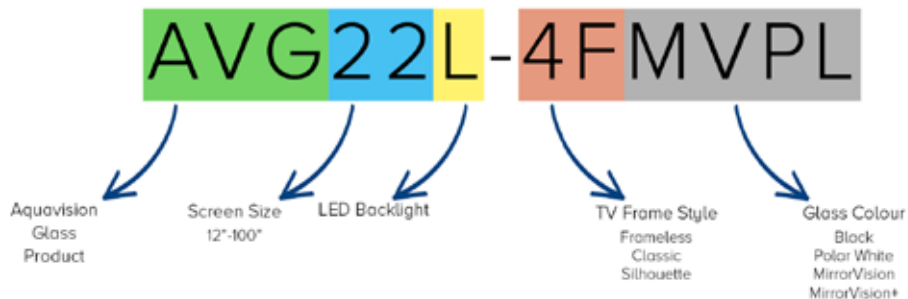

## For Complete Products

## For LCD's

## For Glass

# COMPLETE TELEVISIONS

A complete Aquavision television solution in one box. Available with or without speakers in all sizes and styles. Included in the box: LCD screen, metalwork, glass, power supply, remote control and (optional) speakers.

## Frame Styles

### Frameless

This design utilises a slimline, galvanised steel metal box that fits flush into the wall with a polished edge glass fitting tight on to the wall surface, protruding by 6mm.

### Classic

This option provides a fully flush in-wall appearance, utilising a polished stainless steel bezel, enabling the television to protrude from the wall by just 1.2mm.

### Silhouette

This offers a retrofit, surface-mount solution. It uses sleek lines combined with an ultra-thin profile that cleverly hides the mounting frame. Depth from the wall is from 50mm-75mm.

## Glass Colours

All our glass is printed in our UK factory by a team of specialist technicians on a 1200dpi CMYK digital glass printer to ensure perfect precision and quality.

### Black

Multiple layers of black ink digitally printed onto low-iron, optically clear glass to give the sharpest finish.

### Polar White

A low iron, optically clear glass printed white with a thin black border surrounding the viewing area to enhance picture contrast and quality.

### MirrorVision®

A slightly dark tinted mirror with no immediate visible signs of a screen when the tv is off.

### MirrorVision+®

A perfect mirror with absolutely no visible signs of a screen when the tv is off but displaying a clear, bright image when switched on.

For any other colours or custom print glass, please see page 41 onwards

## LCD Models

### Genesis (Available in 2K only)

The first choice for stand alone television projects. With 1 HDMI Inputs, Component/Composite Inputs, Digital FreeView HD, Built-in Amplifier. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug. More detailed Technical Specifications including Socket Layouts can be found on our website.

### Nexus (Available in 2K only)

The first choice for system integrations and custom installers. Nexus has the same features as the Genesis with the added extra features of Discrete IR, RS232 and Full IP Control. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug. . More detailed Technical Specifications including Socket Layouts can be found on our website.

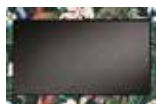

### Pinnacle (Available in 4K only)

These intelligent Smart TVs use Android 6 technology to enable you to download apps including Netflix, Amazon Prime and other catch up television channels. HDCP 2.2 compliant. This also has the same features as the Nexus model. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug. . More detailed Technical Specifications including Socket Layouts can be found on our website.

# SPECIALIST TELEVISIONS

## Horizon Outdoor Televisions

Exquisitely designed to enhance your patio, garden, yacht or any other outdoor space whether you are in the residential, commercial, hospitality or marine sector. This sleek stand alone unit is fully IP66 rated and comes in either black or white finishes with anti-glare glass as standard.

## DB100 Televisions

Your perfect space deserves the perfect television solution. Aquavision's DB100 adds a personal signature like no other boasting a seamless integration of next generation technology that compliments your style, works with your designs and respects the perfect space you want to create.

## Bespoke Mirror Televisions

The Bespoke Range is our most popular choice for architects, designers & clients wanting more than just a TV. Aquavision offers a unique custom mirror service and can manufacture to individual specification up to 2.4m x 3.1m per panel.

## Splashback Televisions

The installation of a complete CMYK Digital Glass Printer enables Aquavision to print absolutely anything onto a piece of glass. Solid colours, patterns, prints, or even photos, there are endless possibilities. All Aquavision televisions are capable of withstanding the heat and day-to-day mess of the kitchen.

# Horizon Outdoor Televisions

Exquisitely designed to enhance your patio, garden, yacht or any other outdoor space; whether you are in the residential, commercial, hospitality, or marine sector. All televisions are IP66 rated when connected to Neutrik IP66 Rated connectors and come with the following features:

- Aquavision's CTM (Comprehensive Thermal Management) CTM constantly monitors humidity and temperature and adjusts where necessary.
- Aquavision's ADST (Advanced Daylight Sensing Technology). ADST constantly monitors and adjusts screen brightness to ambient light level to fully enhance your viewing experience.

# DB100 Televisions

A sleek combination of aluminium and glass turn this television into a visual masterpiece. With a wide variety of frame finishes, (including 24ct Gold or Aircraft Polished Aluminium) and glass colours - there is an Aquavision to suit every style.

When placed on the floor stand the Aquavision sits slightly tilted backwards in order to provide the optimal viewing angle. The television is also available with a wall-mounted bracket lifting your television off the ground and giving it the illusion of 'floating in the air' thanks to the sleek curves of the aluminium frame.

# Bespoke Mirror Televisions

Aquavision offers a unique custom mirror service and can manufacture any size/shape mirror tailored completely to individual specification. Bespoke can incorporate any size and model of Aquavision screen (or screens) from 12” up to 100” in any mirror up to 3100mm x 2400mm per piece. Additional, matching blank panels are also available.

Chassis Mount Kits are recommended for sizes up to 43”. For larger sizes we recommend using a Frameless Fixing Kit for greater strength and stability. Using Aquavision’s MirrorVision+ technology the mirror appears as a perfect standard mirror with no visible signs of a screen when the television is off but allows the it to be clearly seen when the television is switched on.

NOTE- These are only guide prices. Please contact your supplier for an accurate quotation

## Splashback Televisions

Similar to the Bespoke Television process, Aquavision can incorporate any size and model of Aquavision screen from 12” up to 100” in any piece of glass up to 3100mm x 2400mm per piece.

The installation of a complete CMYK Digital Glass Printer enables Aquavision to print absolutely anything onto a piece of glass. Solid colours, patterns, prints, or even photos, there are endless possibilities. All Aquavision televisions are capable of withstanding the heat and day-to-day activities of the kitchen.

# UPGRADE KITS

# Upgrade Kits

At Aquavision we understand that making a hole in the wall for our product is a long term commitment...a commitment that may last longer than its related technology, so you may have the need to upgrade to a newer model in the future.

All upgrade kits come with our signature 2 year warranty.

16" Upgrade Kits

## What Upgrade Kit do I need?

If you are unsure which upgrade kit you require, please see the information table on page 47 or you can send an email to [technical@aquavision.tv](mailto:technical@aquavision.tv) with the following information and we will be happy to help:

- Overall Glass Dimensions
- Viewing Window Dimensions
- Photograph of the front of the television
- Photograph of the back of the television (this is not a necessity)

# SPARES & ACCESSORIES

## Remote Controls

As Aquavision television models evolved, so did their remote controls. This means that there were often multiple remote controls per model of television. The AVWURC5E is compatible with ALL previous models.

AVF-ANDKEYBOARD	Android Bluetooth Keyboard for Pinnacle	£69.00	—
AVF-MRC5S	Series 5 Master Remote Control (Silver Metal)	£59.00	—
AVWRC-2	MK3 26/32/40 Waterproof Remote Control	£19.00	—
AVWRC-5	Series 5 Waterproof Remote Control	£24.17	—
AVWURC5E	Waterproof/Master Universal Remote Control	£24.17	—

# Picture Frames

Aquavision's new range of Custom Picture Frames are designed exclusively to work with our 'Frameless' products.

Available from sizes 43" up to 100" these frames can be placed over standard Frameless televisions and the interior edges of the frame line up perfectly with the viewing window of the screen, meaning that you see a complete mirror when switched off, and a complete television when switched on.

## Classic Bezel

This option provides a fully flush in-wall appearance, utilising a polished stainless steel bezel, enabling the television to protrude from the wall by just 1.2mm.

AVF16L-4BBA	16" Classic Bezel	£392.22	▲
AVF22L-4BBA	22" Classic Bezel	£408.57	▲
AVF27L-4BBA	27/28" Classic Bezel	£440.25	▲
AVF32L-4BBA	32" Classic Bezel	£547.28	▲
AVF43L-4BBA	43" Classic Bezel	£687.28	▲
Optional Galvanised Back Box - For use in dusty environments or to give to builders for 'First Fix' to aid installation			
AVF16L-4GBB	16" Classic Bezel Wall Back Box	£124.00	—
AVF22L-4GBB	22" Classic Bezel Wall Back Box	£149.00	—
AVF27L-4GBB	27" Classic Bezel Wall Back Box	£199.00	—
AVF32L-4GBB	32" Classic Bezel Wall Back Box	£249.00	—
AVF43L-4GBB	43" Classic Bezel Wall Back Box	£299.00	—

## Flush Bezel

This option provides a fully flush in-wall appearance, combining features of both our Frameless and Classic designs enabling the television to lie completely flush with the wall.

AVF16L-4FBA	16" Flush Bezel	£589.00	▲
AVF22L-4FBA	22" Flush Bezel	£525.01	▲
AVF27L-4FBA	27" Flush Bezel	£560.26	▲
AVF32L-4FBA	32" Flush Bezel	£647.28	▲
AVF43L-4FBA	43" Flush Bezel	£687.28	▲

## Silhouette Surface Mount Box

This offers a retrofit, surface-mount solution. It uses sleek lines combined with an ultra-thin profile that cleverly hides the mounting frame. Depth from the wall is from 50mm-75mm depending on the television size.

AVF22L-4SBB	22" Silhouette Frame	£475.24	▲
AVF27L-4SBB	27/28" Silhouette Frame	£524.70	▲
AVF32L-4SBB	32" Silhouette Frame	£602.83	▲
AVF43L-4SBB	43" Silhouette Frame	£713.94	▲
AVF55L-4SBB	55" Silhouette Frame	£1,512.22	▲
AVF65L-4SBB	65" Silhouette Frame	£2,005.56	▲
