

The Professional Collection

We are Aquavision®, the Pioneers of discrete televisions

Aquavision's origin is unique, just like our products. Over the past two decades as our product range has grown, our global footprint and client base has grown with it. During this time Aquavision has continuously succeeded in the innovation and manufacturing of exquisitely designed televisions.

A subtle balance of elegance and substance is the key element of our recipe for producing world class, hand built, high performing televisions. We never compromise on quality and this is why we remain the number one choice for our discerning customers.

We know luxury is timeless,
your television should be too

Our televisions are class leaders in quality, ingenuity, and reliability. You can count on Aquavision to last with our future-proof technology and innovation. All of our televisions are designed and manufactured in our UK based factory, by hand. We are a team of dedicated professionals, passionate about the products we create.

Stay connected in the Bathroom

Aquavision televisions offer a stylish and safe escape in the haven of your bathroom. These fully waterproof televisions have the best viewing angles in the industry, ensuring the ultimate visibility from anywhere in the room.

With Aquavision, bathrooms stop being simple spaces for bathing and washing. Our waterproof televisions, remotes and speakers can turn any bathroom space into a personal sanctuary. Relax, recharge and regenerate. You can enjoy some much needed "me-time" without having to miss your favourite episodes or current world affairs.

Relax with Aquavision®

Our televisions are self-regulating, so you don't have to worry about misting up of the screen. With our future-proof upgradable technology, these televisions are built to withstand the grind of everyday life.

Transform your once purely functional bathroom space into a heavenly getaway. We know luxury and we know television, so you can trust us to offer the best for whatever your viewing preferences.

Stay connected in the Kitchen

Model: 43" MirrorVision+ Frameless

As technology continues to evolve and advance, so do our televisions. It has become clear that there is a preference amongst our customers for the integration of discrete audio-visual technologies in cooking and dining zones. We understand and we hear you.

Aquavision televisions are wipe clean and safe to be installed almost anywhere, even behind the hob. We offer televisions with either 2K FHD or 4K UHD viewing capabilities, so however you like to watch television, we've got it covered.

Model: 22" Black Frameless

Optimised viewing angles from anywhere

Viewing preferences have changed and continue to as technology improves. A unique range of 'built-in' televisions designed to provide ultimate discretion. Our televisions are built for both the tech-savvy and non-tech-savvy customers in mind.

Easy to install, easy to operate, easy to enjoy. Every element of today's modern kitchen is cleverly designed to combine luxury and functionality. Aquavision understands the desire for the immediacy and convenience of smart technology.

Stay connected Outdoors

Aquavision's Horizon Outdoor television has been carefully crafted and is guaranteed to enhance your swimming pool, patio, garden or any other outdoor space. The Horizon range of fully waterproof televisions allows you to extend your luxurious living space outdoors. With a variety of sizes between 43" and 100", all with 4K resolution, there is a Horizon for every application.

Iconic designs with advanced technology

Horizon televisions incorporate world-leading technology with our own Comprehensive Thermal Management (CTM) and Advanced Daylight Sensing Technology (ADST). This technology allows the Horizon models to constantly monitor humidity & temperature; independently monitoring & adjusting screen brightness to the optimum range for its current surrounding environment. This specific range of outdoor models provides complete protection against the elements and can withstand temperatures from -40°C (-40°F) to 110°C (230°F). So whether you are watching in the sun, rain or snow, our Horizon is fully equipped to take on the challenge.

Unwind with Aquavision®

Model: 85" MirrorVision+ Frameless

Your personal spaces should always feel like a private oasis, somewhere to take refuge from the grind of everyday life. Aquavision offers a luxurious way to achieve that exact feeling.

All of our televisions are designed to the highest quality standards with the most sophisticated customers in mind. With our extensive range of sizes, styles and finishes, our televisions discretely blend in to any location. Whatever room you're in, you never have to worry about being without your favourite shows, music or entertainment. All Aquavision televisions are compatible with all major home networking systems for the ultimate convenience.

Exquisitely designed to complement every location

Aquavision televisions offer the latest 2K FHD or 4K UHD screens so that you always get the best picture. Unwind and enjoy your chosen entertainment. Aquavision's team understands the modern day consumer. We've designed our televisions to discretely enhance any personal space.

Never just a television, we continually push the boundaries of technology and luxury to be the best of the best. Your living spaces are carefully crafted and arranged and we believe your television should be held to the same standards. At Aquavision, we combine the latest technology with the sleekest designs so that our televisions discretely blend with your decor style.

Bespoke Projects

Where discrete and luxury meet. Aquavision's MirrorVision+ technology allows the screen to be completely hidden within what appears to be a perfect mirror with no visible signs of a screen when the television is switched off and a perfectly clear image when switched on. Where there is a requirement for discrete, seamless television installation, Aquavision's MirrorVision+ is the solution.

Model: 22" Bespoke in MirrorVision+

Model: 43" Bespoke in MirrorVision+

Specialists in the design of audio visual systems, Aquavision offers a unique bespoke service, incorporating any size and model of Aquavision screen (from 12" to 100") concealed within glass sections of up to 3.1m x 2.4m, providing endless design solutions.

Specified in Luxury Hotels since 1997

For over two decades, we have been passionately committed to engineering eye-catchingly elegant, discrete televisions in the UK. We are the originators who took a once regarded "inconceivable" idea and were the first to turn it into a reality. We are extremely proud that our televisions are currently being used to enhance guest experiences at some of the biggest hotel names worldwide.

Model: 27" Polar White Classic

We are the Originators and Innovators of waterproof bathroom televisions. Aquavision products can enhance guest experiences and we are confident we add that unique touch of luxury people enjoy.

Enhance your commercial space with Aquavision®

From digital signage to conference rooms, Aquavision is fast becoming one of the most popular choices for business settings, with a proud history of innovative, high performing televisions for all environments. Our unique products can be found in sports stadiums, gymnasiums, conference rooms, salons, casinos, restaurants, banks, hospitals, operating theatres and more.

Model: 65" Bespoke MirrorVision+

Model: 55" Black Frameless

Aquavision has been combining high-performance products with timeless, discrete elegance for the past two decades. We are experts at what we do and industry leaders. Our televisions offer an unrivalled level of professionalism.

Luxurious designs for luxurious spaces

Our latest range of Horizon products can be built to standard Marine Specification, including the use of 316 grade Stainless Steel, 'Tefgel' in the threads, and ruggedised to withstand the constant pounding of the sea. Our standard range of bathroom and residential products is also completely at home in the interior spaces of your vessel and can also be specified to adhere to Marine Specifications if required.

Whichever range you choose from, rest assured our televisions will add a touch of luxury and timelessness to any location on your yacht or marine vessel.

Model: 32" Custom Print Classic

Model: 43" White Horizon

Aquavision is passionate about producing high-quality, durable televisions. Most importantly, our televisions offer customers high-quality, durable, *luxury* entertainment second to none. They are designed to accommodate all applications and discretely blend with all locations.

Proudly designed and manufactured in the UK

At the heart of every single Aquavision product is a team of professionals, tech-engineers and passionate people who are committed to making sure Aquavision is the best of the best. We are committed to quality and the processes we use are continually improving, helping to make sure the products we create meet the high standards of all our customers from the tech enthusiasts to the homeowner looking to add something extra.

Our design team is second to none and we are always looking for ways to improve our products and designs. We are the epitome of homegrown, with humble beginnings to global success. Aquavision is a proud member of the Made in Britain organisation who supports and promotes British made products. Our manufacturing team assembles the televisions using supplies from many local suppliers. At Aquavision, we guarantee nothing less than authenticity.

Useful Information

Product Specifications

We understand that as technology continues to evolve, it can be increasingly difficult to keep track of the operational aspects. That's why we have all product specifications available on our Aquavision website.

Quality Control

Quality is important to our business because we value our customers. We strive to provide our customers with products and services which meet and even exceed their expectations. We are committed to continuous improvement and have established a Quality Management System which provides a framework for continually measuring and improving our performance.

Safety

At Aquavision we are committed to ensure all our products comply with current safety standards. All of our manufacturing processes comply with the latest Health and Safety Regulations.

Notes

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
