We are the company that started it all

In 1997, we designed the first waterproof television in Manchester, UK.
We recognised a gap in the market for waterproof televisions and optimised it.

At Aquavision, we have always believed televisions should add to the décor of a home and not just be an “object.” We introduced the first in-wall television in 1997 and since conception, we have never compromised on the quality of our discreet televisions. As viewing habits continue to evolve, so do we. We understand our consumers, their lifestyle and what they want from their entertainment system, maybe even before they do!

We are proud innovators of waterproof televisions and remain the only company to manufacture an expansive range of high performance, in-wall televisions from 16-inches to 100-inches in the UK.

Whatever your viewing preferences are, we’ve got what you need.

We have evolved

Original 10.4" Mark 1 Aquavision

Current model 85" Frameless with MirrorVision+ Glass

Current model 100" Horizon Outdoor TV in White

What makes Aquavision a unique brand?

- Aquavision are the Originators of the waterproof, bathroom and in-wall television
- We are a specialist factory in the UK that designs, builds & tests all our own products in-house
- Aquavision’s products are verified by the “Made in Britain” marque, an independent trade body
- We offer a 2 year return to base warranty
- We guarantee to support all our products and offer unique upgrade solutions for existing products up to 15 years. We boast a “Fit and Forget” mantra, assuring complete peace of mind
- All our LCD’s provide the best possible viewing angles available to give you the best viewing experience
- We carry stocks of all parts for at least 5 years after any television has ceased production

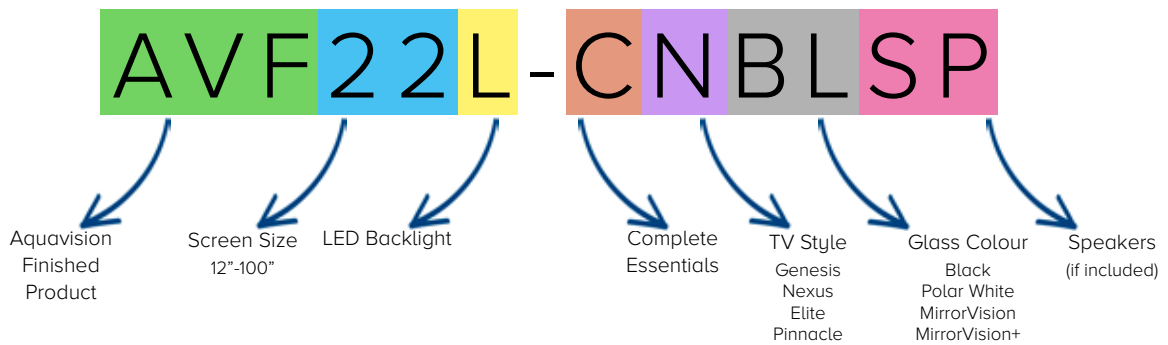

Updates and Revisions

- All items highlighted in Green indicate new products/models for 2023
- GENESIS - Now with extended features and added RS232
- NEXUS - Now with extended features and IP Control ONLY as standard
- ELITE - A completely NEW model to expand the 4K line-up as a Monitor Only unit with IP Control as standard
- PINNACLE - Now with IP Control ONLY
- **Alpha** - A completely NEW budget friendly model of Bathroom TV. Available as a complete unit only.
- **Horizon** - Now available as 75", taking the full Horizon line-up to 43", 55", 65", 75", 86" and 100"
- **Horizon** - Custom Socket Configurations are now available
- BESPOKE - Demista Pads are now available for that extra bit of luxury
- ACCESSORIES - A new more 'user-friendly' Master/Waterproof Remote Control
- SHIPPING - Extended shipping options are now available, including Collection/Return of faulty/service items on our own dedicated vehicle

Aquavision Codes Explained!

Aquavision codes can look a little confusing, the infographic below breaks these down to show how our products codes are developed.

For Complete Products

For LCD's

For Glass

Meet The Team

Aquavision's Executive Team are here to help you with all of your requirements! From initial enquiries, to design input, to manufacture and international export.

COMPLETE TELEVISIONS

A complete Aquavision television solution in one box. Available with or without speakers in all sizes and styles. Included in the box: LCD screen, metalwork, glass, power supply, remote control and (optional) speakers.

Frame Styles

Frameless

This design utilises a slimline, galvanised steel metal box that fits flush into the wall with a polished edge glass fitting tight on to the wall surface, protruding by 6mm.

Classic

This option provides a fully flush in-wall appearance, utilising a polished stainless steel bezel, enabling the television to protrude from the wall by just 1.2mm.

Silhouette

This offers a retrofit, surface-mount solution. It uses sleek lines combined with an ultra-thin profile that cleverly hides the mounting frame. Depth from the wall is from 50mm-75mm.

Glass Colours

All our glass is printed in our UK factory by a team of specialist technicians on a 1200dpi CMYK digital glass printer to ensure perfect precision and quality.

Black

Multiple layers of black ink digitally printed onto low-iron, optically clear glass to give the sharpest finish.

Polar White

A low iron, optically clear glass printed white with a thin black border surrounding the viewing area to enhance picture contrast and quality.

MirrorVision®

A slightly dark tinted mirror with no immediate visible signs of a screen when the tv is off.

MirrorVision+®

A perfect mirror with absolutely no visible signs of a screen when the tv is off but displaying a clear, bright image when switched on.

For any other colours or custom print glass, please see page 41 onwards

LCD Models

Genesis (Available in 2K only)

The first choice for stand alone television projects. With 2 HDMI Inputs, Discrete IR and RS232 control, Digital FreeView HD, Built-in Amplifier. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug.

Socket Layout is as follows:

For more detailed technical specifications please visit www.aquavision.tv

Nexus (Available in 2K only)

The first choice for system integrations and custom installers. Nexus has similar features to the Genesis with the added extra feature Full IP Control in place of RS232 Control. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug.

Socket Layout is as follows:

For more detailed technical specifications please visit www.aquavision.tv

LCD Models

Elite (Available in 4K only)

A simplified version of the Pinnacle. Just 2 x HDMI inputs for use with a matrix or associated set-top box. Complete with built-in amplifier for local speakers. HDCP2.2, ARC, full range of Discrete IR Commands and Full IP Control.

Socket Layout is as follows:

For more detailed technical specifications please visit www.aquavision.tv

Pinnacle (Available in 4K only)

These intelligent Smart TVs use Android 9 technology to enable you to download apps including Netflix, Amazon Prime and other catch-up television channels. HDCP 2.2 compliant. This also has similar features to the Nexus model including Discrete IR and Full IP Control. Audio Outputs: L/R Channels, Digital Coax and 3.5mm Jack Plug.

Socket Layout is as follows:

For more detailed technical specifications please visit www.aquavision.tv

SPECIALIST TELEVISIONS

Alpha Bathroom TV

Aquavision is excited to introduce to you Alpha Bathroom Televisions, our new range of luxury, affordable Bathroom TVs. Alpha's objective was to combine Aquavision's future-proof technology and designs with competitive pricing, making it the perfect combination of luxury and affordability.

Horizon Outdoor Televisions

Exquisitely designed to enhance your patio, garden, yacht or any other outdoor space whether you are in the residential, commercial, hospitality or marine sector. This sleek stand alone unit is fully IP66 rated and comes in either black or white finishes with anti glare glass as standard.

Bespoke Mirror Televisions

The Bespoke Range is our most popular choice for architects, designers & clients wanting more than just a TV. Aquavision offers a unique custom mirror service and can manufacture to individual specification up to 2m x 3.2m per panel.

Splashback Televisions

The installation of a complete CMYK Digital Glass Printer enables Aquavision to print absolutely anything onto a piece of glass. Solid colours, patterns, prints, or even photos, there are endless possibilities. All Aquavision televisions are capable of withstanding the heat and day-to-day mess of the kitchen.

Alpha Bathroom Televisions

Aquavision is excited to introduce Alpha Bathroom Televisions, a new range of luxury, affordable bathroom TVs. Suitable for use in bathrooms, shower rooms, swimming pools and kitchens. The objective of Alpha was to combine Aquavision's future-proof technology and designs with competitive pricing, making it the perfect combination of luxury and affordability - proudly manufactured here in the U.K. The Alpha range is available as a complete unit only.

- Fully Waterproof to IP66
- High Resolution Full HD [1080p]
- Heated Screen to prevent misting up
- Extra Wide Viewing Angles
- IP66 Waterproof Remote Control
- Invisible Built-in Speakers
- 2 Year Warranty
- Audio out for external speakers
- Freeview HD as standard
- Suitable for use in bathrooms, shower rooms, swimming pools & kitchens

Compatible with all major Smart TV plugins including:

Bespoke Mirror Televisions

Aquavision offers a unique custom mirror service and can manufacture any size/shape mirror tailored completely to individual specification. Bespoke can incorporate any size and model of Aquavision screen (or screens) from 12" up to 100" in any mirror up to 3100mm x 2400mm per piece. Additional, matching blank panels are also available.

Chassis Mount Kits are recommended for sizes up to 43". For larger sizes we recommend using a Frameless Fixing Kit for greater strength and stability. Using Aquavision's MirrorVision+ technology the mirror appears as a perfect standard mirror with no visible signs of a screen when the television is off but allows the it to be clearly seen when the television is switched on.

Splashback Televisions

Similar to the Bespoke Television process, Aquavision can incorporate any size and model of Aquavision screen from 12" up to 100" in any piece of glass up to 3100mm x 2400mm per piece.

The installation of a complete CMYK Digital Glass Printer enables Aquavision to print absolutely anything onto a piece of glass. Solid colours, patterns, prints, or even photos, there are endless possibilities. All Aquavision televisions are capable of withstanding the heat and day-to-day activities of the kitchen.

UPGRADE KITS

Upgrade Kits

At Aquavision we understand that making a hole in the wall for our product is a long term commitment...a commitment that may last longer than its related technology, so you may have the need to upgrade to a newer model in the future.

All upgrade kits come with our signature 2 year warranty.

What Upgrade Kit do I need?

If you are unsure which upgrade kit you require, please see the information table on page 47 or you can send an email to technical@aquavision.tv with the following information and we will be happy to help:

- Overall Glass Dimensions
- Viewing Window Dimensions
- Photograph of the front of the television
- Photograph of the back of the television (this is not a necessity)

SPARES & ACCESSORIES

Remote Controls

As Aquavision television models evolved, so did their remote controls. This means that there were often multiple remote controls per model of television. The AVWURC5E is compatible with ALL previous models.

AVF-WMRC5A	Waterproof Master Remote Control with Holder	£34.98 (ex VAT)	£41.98 (inc VAT)
AVF-ANDKEYBOARD	Android Bluetooth Keyboard for Pinnacle	£69.00 (ex VAT)	£82.80 (inc VAT)
AVF-MRC5S	Series 5 Master Remote Control (Silver Metal)	£59.00 (ex VAT)	£70.80 (inc VAT)
AVWRC-2	MK3 26/32/40 Waterproof Remote Control	£19.00 (ex VAT)	£22.80 (inc VAT)
AVWRC-5	Series 5 Waterproof Remote Control	£24.17 (ex VAT)	£29.00 (inc VAT)
AVWURC5E	Waterproof/Master Universal Remote Control	£41.66 (ex VAT)	£49.99 (inc VAT)
AL-WMRC1A	Alpha Waterproof Master Remote Control	£29.99 (inc VAT)	
AL-WMRCH	Alpha Wall Mount Remote Control Holder	£9.99 (inc VAT)

Picture Frames

Aquavision's new range of Custom Picture Frames are designed exclusively to work with our 'Frameless' products.

Available from sizes 43" up to 100" these frames can be placed over standard Frameless televisions and the interior edges of the frame line up perfectly with the viewing window of the screen, meaning that you see a complete mirror when switched off, and a complete television when switched on.

43" Picture Frames
